# Tandons of Shikohabad and their Descendants

A family tree with 14 generations and 2753 people would make anyone on it proud, and the tree is growing every day.

I firmly believe that bringing the entire family together will require collective efforts, and I am only trying to facilitate this venture. To allow us to work together I have created a Family tree, a Website and a Trust.

## History

Almost 35 years ago, I saw the original family tree at Laxman Chachaji's (Dr. Laxman Das Tandon) house in Kanpur, where my father was getting treatment for cancer. It was in the shape of an actual tree, almost like a work of art. Twenty years later I was visiting Kanpur once more, and I enquired about the tree. I had always wanted to get a copy of the tree and update it, but at the time I didn't yet start the project. My mission to update the tree started in November 2011 when I visited India once more.

First I went to Kanpur and met the families of Laxman Chachaji and Rameshwar Chachaji to get a transcript of the original tree that I would update. Then I went to Shikohabad to see our ancestral homeland, complete with old houses that still stand and the temple. I visited New Delhi to meet Bishan, Prakash, and Gopal Chachaji and their family members. I spoke to many people and got their information and started filling in the family tree. I was sad to see that already the details of our family history were being lost with each passing generation.

But some had tried their best to keep their branches of the tree up to date. Ashok Chacha and Anita Chachi (son and daughter-in-law of Laxman Chachaji) had updated their family tree. Rajiv (son of Rameshwar Chachaji) had made some efforts to put his branch's tree in a typewritten form, but like the original tree his was missing information about the women in the family and not complete. Despite all their hard work, the last six to seven generations were incomplete or missing all together.

Long story made short, over the next two years I expanded the tree from 175-200 persons in 7 to 8 generations to 2753 persons in 14 generations, and the tree grows each day. Getting the information took some effort in traveling to visit people in India, and my efforts on the phone each morning. Even entering the first 200 names into our tree making program and making it readable was not an easy task either. It took many evenings from my visit to Lucknow, and the effort of my nephew Pranav, who added

100+ names (at a cost of 2 Rupees each, which I still owe him). I also must thank my brother Praveen, who spent many hours creating and formatting the first hardcopy of the tree.

Our tree now has details on the women of the family that were missing, and has fleshed out the last three four generations of the Tandons of Shikohabad. All this was possible only through the help and information I received from the members of the family. I wish to thank each of you who helped most profusely.

We have a long history of accomplishment, for I have a booklet praising my great grandfather Lala Jasrat Rai for his work in the community as an honorary magistrate and I am sure each of you have such stories to tell. We have honored this part of our legacy by doing wonderfully for ourselves. Simply searching "Tandon Shikohabad" on Google brings up articles about esteemed members among us, such as Prof RN Tandon, a botanist of international repute. His son Prakash Narain Tandon is again a distinguished neuroscientist and neurosurgeon of International repute. He is the recipient of many national and international awards. He was conferred Padma Shri, Padma Bhushan, and Padma Vibushan by the nation for his valuable contributions. We pray that he gets Bharat Ratna too. Tandons of Shikohabad and descendants always stood for principles and are known for their integrity and intellect. Take the example of Bishan Narain Tandon who had the courage and conviction to write about the dark era of emergency in our country. My brother, Pramod, is an eminent botanist, was the Vice Chancellor of his university, and has been awarded the Padma Shri. Presently he is a Member of the National Advisory Council. Our story has not yet been told: Lata Buaji, daughter of Ammo Chachaji was talking about great things that he had done in seismology. And these are only the individuals that I know, our story has not yet been told. I rely upon you to tell me all about your accomplishments so that we may celebrate with you, and document them in our family tree, preserving them for those that will come after us. We need all our stories that can go into the website.

Of many branches that were lost for about one hundred years, I tried very, very hard and found many of them (too many to list here). But the branches of Har Bhagwan (35 persons), Kanahiya Lal (82 persons), Keshav Rai (105 persons), and Lalit Behari (128 persons) were the most difficult ones. There are many branches that are still lost and most definitely not forgotten. Find them, we will, sooner or later.

### Next Steps for the Family Tree:

The enclosed family tree has many names missing, it needs to be edited and updated constantly.

This is your family tree. I would be grateful if you could look at it carefully, and inform me of any updates, provide any missing information, and any corrections that need to be made so that your branch of the family tree may be complete. Further, please provide the address, email address, and phone numbers, of people who you know on the tree, so that the family can be brought into communication with one another. I wish to mention that it is your project. I would like to seek your guidance on what other information you would like to be included in the tree, such as dates of birth, dates of wedding, and dates of death of the family members who are no longer with us. Our family tree is more than a list of names; we must upload photos, stories, and much more to the tree to make it all that it can be. Any of your inputs is valued, and may please be sent to me.

We need a volunteer from each family who may be requested to provide updates to us so that the tree remains current. I am just a phone call or an email away from you and assure that I will call you as soon as possible. My contact information is provided below:

### [Tandons of Shikohabad and Descendants Group at FB:](#)

Realizing that the younger generation uses Facebook and it is very important to bring them together, I became a Facebook user and I have created the above group at my Facebook Page. It has 172 members. It can easily be twice this number and we need to make more members of this group. It is exciting to see that the younger generation is taking interest in this project.

### [Tandons of Shikohabad and Descendants Website:](#)

[www.tandonsofshikohabad.com](http://www.tandonsofshikohabad.com)

We have created a secured website where we have posted the Family Tree. People can access the website by getting a User Id and a password. The website has many features; it will have a newsletter to keep each member of the family updated.

### [Tandons of Shikohabad and Descendants Charitable Trust:](#)

Continuing the legacy of Lalita Dei, keeping our family's tradition of charity, with blessings of God, our elders and encouragement and support from my wife Usha, I have created a trust - "Tandons of Shikohabad and Descendants Charitable Trust". Sanjiv Tandon s/o Late Shri Rameshwar Tandon of Kanpur and Praveen Tandon s/o Late Shri Panna Lal Tandon of Lucknow are the first two trustees. It is proposed to award a scholarship to the best or most deserving student from the family every year. The trust will manage and maintain the website and also maintain the Family Tree.

### [Final Remarks:](#)

This is a venture that you all can contribute to in many ways. Tell us the stories, nicknames, and all kinds of details that you may have, or know of. I will see/ensure that all your inputs are incorporated and the tree is maintained for future generations. Your suggestions, guidance, and help are essential for us to meet our goals. So far this has been my project and now it is ours and you need to take an active interest in keeping it alive for our future generations like the Tree that was drawn in 1913 and like the legacy of Lalita Dei....

## Message from Pradeep Tandon

I want to thank you all for coming to this first reunion of the Tandons of Shikohabad and Descendants. Until now I was thinking it was MY reunion, but after seeing you all it feels OUR Reunion. I am delighted that you all could make it, thank you once more for coming. Each of you is here because you have taken in immense interest, but I want to mention two persons who made special efforts to come to the reunion. One is Rakesh Bhai, he changed his plans that I know was not easy to come to our reunion. And the other is my younger brother Pramod who did not go an important meeting and missing a wedding to be here. Thank You Rakesh Bhai and B2 Bhai.

Reunions are nothing if not a time to celebrate the importance of family. It was actually my father who instilled this virtue in me. When I was a boy, we were involved in the lives of our family, no matter how distant, be it in geography or genealogy. We travelled to attend weddings, meet newly born relatives, or just to visit, all to keep abreast of our family. Today, this tradition has fallen by the wayside. How many of us had our second cousins at our wedding? How many of us have even met our second cousins? How many of us even know what a second cousin is? The idea of "distant relatives" has never existed in Hindi, everyone in my generation is by bhai or behan. I think it is time to bring back this sensibility. All of you are my brothers and sisters, and even though we may be meeting for the first time I want to welcome you to this reunion.

A family reunion is also a time to honor our past. I would like to say a few words about the place we are standing in right now. This place was given to us in 1913, 100 years ago, by one of our ancestors Mrs. Lalita Dei. She wrote, "One cannot trust life. I have no children through whom my husband's name would remain in the world. My husband at the time of his death had left behind him his residential home and land located in Shikohabad. He had advised me to... donate the property to some such welfare institution that would keep my husband's name memorable forever and blessings may reach his sacred soul...Since there is no charity superior to charity for education, and there is no school in Shikohabad and there is great need for it...I am willingly donating for this act of welfare..."

Maybe the most important lesson we can take from Ms. Dei is charity, a virtue that stands on its own and needs no further explanation. I hope we can continue our family's tradition of charity, starting at this reunion through our newly formed Charitable Trust.

Another virtue I think we should take from Ms. Dei is that of legacy, the desire to maintain her husband's name and ideals into the future. This brings me to another important event around 1913, the creation of the original family tree of the Tandons of Shikohabad. Just as it was Ms. Dei's desire to preserve the legacy of her husband that gives us this place to gather in, it was the desire to preserve the legacy of our family in this tree that enabled me to find all of you, and only through this tree that we are all brought together. I always wanted to document our tree, even before I saw the original, since 1970 when I would discuss the idea with Ammo Chacaji in Safdarjung enclave when I was studying in IIT Delhi. I first saw the original tree in 1976 when

staying at Laxman Chachaji's hosue in Kanpur where my father was getting treatment for cancer. I visited Laxman Chachaji once more in 1987, and we continued to talk about the tree. When I finally came back to the tree, Ashok Chacha Ji had added about 75 – 100 names to the original 147. Two years ago I took his version of the tree and started working on it full time after retiring from the New York Stock Exchange I used to talk to him often and as a matter of fact I spoke to him the day before he met with the tragic road accident. The first question he would always ask – Kahan tak pahunche? I am sure he too is smiling blessing us when we tell him we have reached 2753 persons over 14 generations, and the tree continues to grow. The tree that you see on the screen is the original drawn in 1913. Much more than a list of names, this tree is a work of art; the same tree drawn by a computer program simply produces an eight foot long chart.

It may be that finding one another and coming together like this for the first time may be an occasion enough, but we have many other reasons to celebrate our present. We have a long history of accomplishment, for I have a booklet praising my great grandfather Lala Jasrat Rai for his work in the community as an honorary magistrate and I am sure each of you have such stories to tell. We have honored this part of our legacy by doing wonderfully for ourselves. Simply searching "Tandon Shikohabad" on Google brings up articles about esteemed members among us, such as Prof RN Tandon, a botanist of international repute. My brother, Pramod, is an eminent botanist, was the vice chancellor of his university, and has been awarded the Padma Shri. Presently he is a Member of the National Advisory Council. Prakash Narain Tandon is a neuroscientist who has been awarded the Padma Shiri, Padma Bhushan, and Padma Vibushan awards. We pray that he gets Bharat Ratna too. And these are only the individuals that I know off hand; our story has not yet been told. I rely upon you to tell me all about your accomplishments so that we may celebrate with you, and document them in our family tree, preserving them for those that will come after us.

One of the most important reasons to hold these reunions, to maintain our tree, to stick together, is for our children. The burden is on us to preserve our heritage for our children, to give them a sense of their roots, and to maintain our strong social support network so that we may continue to prosper. The first step is for us to plan our next reunion now, so that all our work to get to this point isn't wasted. This is the first reunion of the Tandons of Shikohabad, and let us make sure it is only the first of many.

Before I end, I want to thank all who shared their thoughts, gave the information, and encouraged me to do this. There is one person without whose help, support and encouragement this would not have been possible. That is my dear wife, Usha. At first she was horrified with her living room covered in printouts of different branches of the family tree, and her office overflowing with genealogical data. But soon when she saw how passionate I was about it, the initial reaction gave way to very positive support and it is because of her that we are having this reunion. I am grateful to her for all the encouragement she gave to complete this. And I am sure you all are as well.

Thank You Mom! And thanks to all of you. God bless all Tandons of Shikohabad and their descendants!

## Shikohabad

**Shikohabad** is a city and a municipal board in the Firozabad district of the Indian state of Uttar Pradesh. The city has been famous since the British Period for its Glass Industry. Shikohabad has one of the oldest Bulb and Electric Tube manufacturing units (Hind Lamps Ltd), established in 1945, which was the largest in Asia at that time — the company is now owned by Bajaj Electricals. The vast factory premises also have a residential area with all the modern amenities of a township. This industrial unit has provided a major boost to the business of traders and other service providers in the city. Shikohabad falls under the Taj Trapezium Zone.

### Geography

Shikohabad is located at 27.1°N 78.6°E.[1] It has an average elevation of 163 metres (534 feet). The river Sirsa flows between the main city and the railway station.

### History

A Muslim immigrant Mohammad from Rapari (the then capital of Rapparsain a Hindu King) was the first colonizer and hence the old name Mohammadabad (the name still exists as Mohmmad mah near Tahsil & Kotwali). The town was renamed as Shikohabad by subedar Badru Salam to honour Prince Dara-Shikoh, son of Moghul Emperor Shah Jahan. The town came in prominence after the visit of Dara Shikoh a legendary, secular, highly erudite Moghal prince who visited this place to confer with various religious leaders of the area. In its present form, the town has hardly any recognizable evidence of that era. It is said that the Marathas held the place during the seventeenth century and built a fort on the North West wall of the town. The remnants of which can still be seen. During the eighteenth century it often changed hands and was under the control of various tribes of Jats, Rohillas, Himmant Bahadurs and the Oudh Kingdom. Shikohabad was ruled under the estate of Labhowa from 1794–1880. The Rajas of Labhowa of Jhala dynasty were well known to the Mughal rulers and their generals and along with them controlled over 100 sq km (39 sq mi) of this area. During the period Oudh kingdom Thakur Bhagawat Singh exercised a great influence and got many buildings constructed and gardens developed, remnant of one of them is still present and is known as Bhagwant Ka Bagh in the form of large gate and a Baoli. Some historians are of a stron opinion that the town took an active part in the 1857 struggle for freedom. Bahadur Shah Zafar the dethroned king of Delhi, also stayed here on his way to Rangoon, when he was excilled by the British. The area since then has come to be known as Parao. In the early part of the 19<sup>th</sup> century it passed on to the British, who established a cantonment, south-west of the town, which at present is the head quarter of the Shikohabad

tehsil.

## Bateshwar

**Bateshwar** is a village on the banks of the river Yamuna in the northern state of Uttar Pradesh about 22 Km south of Shikohabad. Bateshwar is situated at a distance of 5 km from BAH. It is an important spiritual and cultural center for Hindus. It is known for the 101 Shiv Temple Complex, An annual Religious and Animal Fair is also organised in the village ground area.

The name Bateshwar is derived from the main Bateshwarnath Temple dedicated to Lord Shiva (Bateshwarnath Mahadev). As per the mythology and legends, here under a marvelous Banyan tree (Bat in Sanskrit), lord Shiva took rest for some time under that tree which still stands at that place, known as Bat-Ishwar; the banyan lord.

Bateshwar Temples 22 km from Shikohabad, Uttar Pradesh, India

Since ages Bateshwar remained a renowned religious centre both for Hindu and Jain communities. In the great epic of Mahabharat, Bateshwar is referred as Shouripur a city of king Suresaine the father of lord Krishna, flourishing suburb, beginning as early as 3000BC. It is known for 101 Shiv Temples built by Raja Badan Singh Bhadauria on a dam on the banks of Yamuna. Shaouripur, near Bateshwar, which is the birthplace of the 22nd Tirthankar of Jain faith, Lord Neminath. Each year the region hosts a cattle fair in October and November. The commercial livestock event is also of significance to Hindus, who make pilgrimage to the river Yamuna in honor of Lord Shiva.

Bateshwar has long been celebrated for its annual fair, believed to have been a fixture since time immemorial given the significance of Shoripur / Bateshwar in Hindu mythology. Although the origins of this ancient fair are religious, and of immense importance in the Hindu religious calendar, the fair is also of great commercial value and is renowned as the 2nd largest animal fair in the country (Sonepur in Bihar being the largest).

Bateshwar is the birthplace of former prime minister Atal Bihari Vajpayee.

## Shouripur Siddha Kshetra

Shouripur is an ancient Siddha Kshetra situated on the banks of River Yamuna. It is Kalyanaka place of 22nd Teerthankara 'Bhagwan Neminath'. It is related to the 'Garbha' & 'Janma' Kalyanaka of Bhagwan Neminath and here 'Shri Supratishtha Muni' got 'Kevalgyan' (Supernatural

Knowledge) and 'Muni Shri Yama', 'Shri Dhanya' & 'Shri Vimlasut' attained salvation here. In this way Shouripur is sacred place being Kalyanaka Bhoomi and Siddha Kshetra also. This land became sacred because of arrival of 'Bhagwan Adinath', 'Neminath', 'Parshvanath' and 'Bhagwan Mahaveer's' 'Samavsharan'. According to Mahapurana & Harivansha Purana the Shouripur has remained famous & prosperous city in ancient times. This city was established by the brilliant Prince 'Shoor', the son of King 'Narpati' of Yaduvansh.

The 'Andhak Vrishni, the king of Shouripur had 10 sons. The eldest among these ten was 'Samudra Vijaya' & the youngest was 'Vasudev'. The 'Kunti' & 'Madri' were two daughters of Andhak Vrishni. Bhagwan Neminath (Arishtanemi) the 22nd Teerthanakara was the son of 'Samudra Vijaya' and Shri 'Krishna' & 'Balram' were sons of Shri 'Vasudev'. Kunti & Madri were married to the King 'Pandu' of Hastinapur and whose sons were 'Karna' & five 'Pandavas'. Karna, Udishthar, Bhim & Arjun were sons of Kunti and Nakul & Sahdev were sons of Madri.

Later on due to the fear of invasion by 'Jarasandha', the king of 'Magadha', all the 'Yadavas' left Shouripur & Mathura and they shifted towards south and started residing in 'Dwarika' Nagar near the sea. Shri Krishna & Balram are referred as 'Shouri' in ancient times because of their relation with the Shouripur.

Acharya Lokchandra, the Guru of famous scholar of philosophy – Acharya Prabhachandra, also belonged to this Kshetra. It is said that the Acharya Prabhachandra wrote the famous text 'Prameya Kamal Martand' here, which is supposed a great text on 'Jain Nyaya'. The ruins of this

place were investigated by famous historian Colonel Tad, General Cunningham & Carlyle during 19th century and proved that Shouripur was wealthy & flourishing city in ancient times. Lot of gems & currency has been found here and this fact has been mentioned in so many books. The seat of Digamber Jain Bhattarakas was present here up to 19th century and the peoples were deeply affected by their religious teachings, speeches & acquisitions.

#### **Main Temple and Idol:**

Ancient Shouripur slowly & slowly got declined and only ruins are left here. The various Digambar Jain Temples established in Shouripur are the only symbols of historicity present in Shouripur. The 'Adi Mandir' was constructed here in year 1667 on the order of Bhattaraka Vishva Bhushan.

**Baruva Matha:** – It is the most ancient temple of Shouripur, which is constructed on a platform. The quite magnificent Black stone's Khadgasana idol of principal deity Bhagwan Neminath was revered in Veer Nirvan Samvat 2480. This idol is 8 feet high. There is a spire made of stone above the idol and behind idol there is an artistic halo is present carved in stone. On the feet base (Charan Peeth) the two lions are constructed facing each other and in between these two there is an image of Conch shell.

In Yadav Jains, there is a tradition of lightening of 'Diya' on Kartik Shukla 14 here whenever there is death of any Yadav Jain takes place. Among Vaishnav Yadav Vanshi's this 'Diya' is lighted in Bateshwar on waters of Yamuna River.

**Shankha Dhvaj Mandir:** – This temple is constructed on the second story. There are 4 altars present in the sanctum of this temple. In central altar idol of principal deity Bhagwan Neminath are installed. There are two idols of 11th – 12th century installed in this temple and the idols of Bhagwan Parshvanath, Bhagwan Chandraprabhu & Bhagwan Vimalnath revered in V.S. 1357 (I. S. 1300) are collectively installed in the second altar of this temple. Many other artistic ancient idols are also installed here.

Panch Mathi: – On the left hand side of Shankha Dhvaj Mandir the ancient Tonks & spires (umbrellas) are constructed in one ground which is surrounded by walls from all sides. This place is called as Panch Mathi. The foot images of Muni 'Yama' & Muni 'Dhanya' are installed here.

### **About Bateshwas Atishaya Kshetra:**

When the land of Shouripur was getting washed away by the waters of river Yamuna. It became more ruined, then Bhattaraka Jinendra Bhushanji got constructed one huge temple and Dharmashala at Bateshwar. This temple was constructed on a 'Ghat' (Bathing & Landing place on the bank of a river) developed by king Badan Singh of Bhadavar state at that time in V.S. 1838. At

present two stories of this temple are below the level of ground. The very artistic Padmasanath 5 feet high black colored miraculous idol of Bhagwan Ajitnath, which was brought from Mahoba, is installed here. This idol was got revered on Monday of Vaishakh Krishna 7 in V.S. 1224 in the Primal state by the 'Shravak Shrestha Jalhan' the father of 'Aalha – Udal', the great warriors. A story is popular here related to this temple. It is said that once the king of Bhadavar enquired about the date from Bhattaraka Jinendra Bhushan and unknowingly he told that it is full moon night but actually it was no moon night. When Bhattaraka Jinendra Bhushan realized his mistake he hanged a bronze metal plate in the sky with the help of power of Mantra. This bronze metal used to shine like a moon and looked like a moon up to distance of 24 miles. He has worked under me for about five years. His account books are always up to date and methodically written. I was highly satisfied with his work and he has the manners and bearing of a gentleman. I give this certificate to him with great pleasure at his request on my transfer from the district.

B. Nand Lal Tandon was Official Receiver during the three years I was at Lucknow as District and Sessions Judge. He appeared before me in Insolvency cases only and I can therefore express no opinion of his work on the Criminal side. His work as Official Receiver showed that he possesses ability and if his criminal work is of the same standard he should make a good Government Pleader.

# History of Narain Anglo Vernacular School Trust

The foundation stone for the Narain Anglo Vernacular School was laid on 19<sup>th</sup> November 1913.

The school was started by a Trust formed by our ancestor Mrs. Lalita Dei, a great philanthropist, on 5<sup>th</sup> March 1913. She donated all her property in a will created on 4<sup>th</sup> March 1913. Copies of these documents are attached in following pages. Mrs. Lalita Dei said (translated from Urdu) - One cannot trust life. I have no children through whom my husband's name would remain in the world. My husband at the time of his death had left behind him his residential home and land located in Shikohabad. He had advised me to donate the property to some such welfare institution that would keep my husband's name memorable forever and blessings may reach his sacred soul. Since there is no charity superior to charity for education, and there is no school in Shikohabad and there is great need for it, I am willingly donating for this act of welfare .....Therefore, I am directing that the trustees should establish an English school by the name of Narain Anglo-Vernacular School and install thereupon an epitaph saying, "Founded by Musammat Lalita Dei widow of Lala Ganga Ram caste Khatri resident of Shikohabad for the public welfare and to keep the name of her husband Lala Gaga Ram and her father-in-law Lala Faqir Chand and his father **Narain Das** memorable forever in 1913".

Thus the name **Narain Anglo Vernacular School** came after her great father-in-law **Narain Das**.

Mrs. Lalita Dei created a Trust with following eleven trustees:

1. Lala Harpat Rai aka Patiram S/o Lala Ramswaroop caste Khatri, R/o Shikohabad – President
2. Babu Bhol Nath Tandon S/o Lala Bateshur Nath, caste Khatri, R/o Shikohabad – Trustee
3. Babu Jasrat Rai Tandon S/o Sampat Rai, quom khatri R/o Shikohabad - Trustee
4. Babu Jagat Narain S/o Lala Gunpat Rai cast Khatri R/o Allahabad and mohalla Paan Dareeba, Present Address Sub Judge Zila' Aligarh – Trustee
5. Babu Gursaran Das S/o Lala Jagan Nath Caste Khatri R/o Shikohabad - Trustee
6. Munshi Baji Lal S/o Lala Jawahar Lal caste Khatri R/o Shikohabad was Manager Riyasat Barhar - Trustee
7. Lala Chand Bihari Lal wald Munshi Ram Saroop caste Kaisth R/o Shikohabad -Trustee
8. Babu Madhav Narain S/o Lala Hirday Narain caste Kaisth R/o Shikohabad - Trustee
9. Bopra Brij Lal S/o Khetpal caste Brahman Marwadi R/o Saakin Shikohabad – Trustee

11. Munshi Mahadev Prasad S/o Munshi Manohar Lal caste Khatri R/o Shikohabad Munsarim Adalat High Court Shikohabad – Trustee

Realizing the importance of family, Mrs. Lalita Dei said “And in case of a trustee’s or president’s resignation or death, other trustees of this Welfare Project should elect another president or trustee. But, president of trustees should always be essentially selected a member of my husband’s family for the welfare institution.”

The Trust has had following six Presidents so far:

1. Lala Harpat Rai Tandon aka Lala Pati Ram
2. Lala Jasrat Rai Tandon
3. Mr. Pratap Narain Tandon
4. Mr. Ram Narain Tandon
5. Mr. Dwarka Nath Tandon, and

# Mrs. Lalita Dei's Will

I, Musammat LALITA DEI, widow of Lala Ganga Ram, caste Khatri, residing in Shikohabad, District Mainpuri have to state that since I am nealy 50 Yr. old and often stay sick. One cannot trust life, do not know when I may breathe my last. I have no children through whom my husband's name would remain in the world. My husband at the time of his death had left behind him his residential home located in Shikohabad, 12 ½ biswa Realty agricultural land located at town Sevandah and 1/1/4 biswa realty agriculture at Village Lozurpur Lothri Pargana Tehseel Mustafa Abad and he had advised me to support myself with the capital and profit of the said property and after that, to donate the property to some such welfare wok that would keep my husband's name, memorable forever and blessings may reach his sacred soul. However, because of legitimate need, I sold that residential house and all I have now is the farm, and in accordance with my husband's Will, I want and my husband's heirs after me also are of agreement to this that I may donate it for welfare act (public good). Since there is no charity superior to charity for education and there is no English school in Shikohabad, and there is great need for it, therefore in keeping my husband's Will, in my full five senses and understanding, and under no pressure or duress, am willingly donating for this act of welfare, the farmland, the realty of agricultural land measuring 12/1/2 biswa at village Sevandah and 1/1/4 biswa realty of agriculture at village Lozurpur Lathri pargana and tehsil Mustafabad, the value of which is Rupees ten thousand and at present according to the contract its annual profit is Rupees five hundred fifteen including its gardens, greenery, fruit-bearing trees, land agricultural and non agricultural, waterways and pool, canal, with all collective facilities, and all the internal and external rights related to the realty agricultural land of both the village existing at present or may develop later without any exception of anything. And for this act of welfare, I am appointing the below mensioned people as the trustee and Lala Harpat Rai commonly called Lala Pati Ram S/o Lala Ram Swaroop, caste Khatri resident of the town Shikohabad, as president, and made Lala Harpat Rai commonly called Lala Pati Ram S/o Lala Ram Saroop to possess an accupy the said property as the president of trustee of the Narain Anglo-Vernacular School,. I, and the heirs have no longer any connection or relation to the said property, but now, I have no means of support to help and maintain livelihood in future and after my death, there would be expenses of the last rites for which I have endorsed Sri Garanth Sahib and Baba Thakur Das of the Temple located at the City Aagra Block Hami Nihaan whom I have appointed there to make necessary arrangements related to the matter. Therefore, I am directing that the trustees should establish an English school by the name of Narain Anglo-Vernacular School and install thereupon an epitaph saying, "Founded by Musammat Lalita Dai widow of Lala Ganga Ram caste Khatri resident of Shikohabad for the public welfare and to keep the name of the name of her husband Lala Gaga Ram and her father-in-law Lala Faqir Chand and his father Narain Das memorable for ever in 1913". They should spend the profit money toward the building of the school and for paying the teachers and other expenses and from it provide me annually 250.00, i.e., Rs. 125 from the autmn harvest and Rs. 125 from the spring harvest for my food and drink, and when I die, the trustees should pay for the performing of my last rites and "Barsi" etc., in an ordinary fashion customary to our caste. And an amount of Rupees 30 as ready money should go every year as an offering to Garanth Sahib Birjman Dharam Shala Aagra mohalla Hami Nihan adjacent to house of Munshi Madhu Ram, Central Nazir Judgi Aagra, of which current "Mahant" is Baba Thakur Das Ji, so that the named, celebrated the mahant may use this money to be to meet the expenses of "diya batti, dhoop deep", etc. And Baba Thakur Das would be entitled to receive this offering throughout his lifetime. After his demise, money would go to who so ever would be Mahant wa Manager of the cited Dharam Shala and would serve Garanh Sahib and would maintain good character, and may keep receiving the offering for diya batti dhoop deep expenses. After my death, except the annual offering of Rs. 30 fixed for Garanth Sahib Birajman Dharam Shala for diya batti dhoop deep all the expenses are to be entered under school expenses. Trustees, are to manage all administrative tasks of the cited Realty, constructive work of the Madrasah (school) of the monthly salary of the teachers and the head master. For all the matters trustees should form a Committee and make decisions by the majority vote as a rule. And in case of a trustee's or president's resignation or death, other trustees of this Welfare Project should elect another president or trustee. But, president of trustees should always be essentially selected a member of my husband's family for the welfare institution. Income/expenditure account should be properly kept so that everybody would be able to see it and check it. They should discuss by-laws in general meeting. Since, a big amount of money would be necessary for building the school and other expenses for which the cited capital's profit money alone would be insufficient therefore it is my request to the Englishia and the rich of the town, Tehsil, District and other districts of the country India and heads of the State that they should fully help in this Welfare School Project. I instruct the members to accept any such help with thanks. If someone, out of generosity, may

choose to build the school, then give him the permission to build it. If someone may want to set a banner of his/her name, then let them do so on the respective rooms they contributed toward building of those rooms. If someone would donate cash or "realty" for the school, have the cash money as a trust on interest deposited in a bank or in custody of some finance dealer that they may consider the most safe, and its income/expenditure account should be entrusted under the name of the one donating for the welfare act. This realty is also to be managed under the supervision of the trustees of welfare Anglo Vernacular English School Shikohabad. Trustees shall have the right/privilege to either keep the administration of this school under the contract as it is now or get it done through an appointed worker, etc., as they may deem appropriate. Lala Harpat Rai commonly called Lala Pati Ram should at once maintain the Dakhil Kharij of the English Welfare School in the capacity of the president under his name, and until the building of the welfare act, Narain Anglo-Vernacular School is not in progress, hire on rent or borrow some house and let the school run. Trustees shall have no right to transfer or take hold of this property except that due to vicissitudes of fortune some such obstruction may develop that would render running of the English school impossible. Then the trustees and their appointees shall have the right to keep on distributing the profit capital of the gifted realty in the form of scholarship among the poor students really in need of this help or they may spend it on orphans and widows or on Dharam Shala where there are Saints like in Rishikaish, however, they must always keep in view, preference for the English School. I request all trustees that as far as possible they should from the core of their heart try to run the school honestly and to economize. I request Sahib Collector Director Bahadur of District Mainpuri, Sir Veer Kabeer Bahadur Public Instruction United Countries, and from Agra owadh Chobay Lal Ji Advocate High Court who practices Law in Mainpuri and is fond of education development that they should from time to time, keep on inspecting the school administration so that the school may come to no harm and this school would stay under the same name. For the sake of awareness of the trustees, it is necessary to say that in view of this affidavit for donation, I have received the profit of this property from Thakur Sujan Singh and Thakur Parsaram Singh, contractors of this property till the autumn harvest of 1320. After that, trustees of this welfare project shall have the right for the receipt of its profit. And I have taken a loan of one hundred fifty Rupees at no interest from Shiv Narain, qaum Khatri, saakin Shikohabad for the purchase of the stamps and completion of this affidavit and it should be paid to the said Lala Shiv Narain at the time of their receipt of the profit and take back from him the written statement. Therefore, this has been written so that it would stay as a testimonial and at the time of its need, would serve.
